

# Mahendran V

## Software Developer

I am a Highly motivated person and technically proficient IT graduate with a strong foundation in programming languages and system analysis. Eager to apply my theoretical knowledge and passion for technology to contribute to a dynamic IT team. Proficient in Java and Spring framework with a solid understanding of software development methodologies. Demonstrated ability to quickly learn new technologies and adapt to changing the environments. Excellent problem-solving skills and a detail oriented approach to ensure accurate and efficient solutions. Seeking an entry-level IT position to kickstart a successful career and make valuable contributions to organizational growth.
